 - A. **Port Orchard Project – ILA Update**

Mayor Putaansuu and Nick Bond spoke about a few updates and changes to the ILA for the Community & Events Center (CEC) after selecting Rice Fergus Miller as the contractor for the Tasks 3 & 4 of Attachment B. These changes had been vetted through the attorneys of both parties as well as Nick Bond of the City and Mike Walton, the ED of the KPF. The Chair asked Brian if he agreed that it had been checked and approved. Brian verified that and the Chair asked for a motion to approve.
Erin Leedham moved to approve the updated ILA for the Community & Event Center (CEC). Walt Draper seconded the motion and it was passed unanimously.
 - B. **Port of Bremerton – Public Facilities Proposal**

Commissioner Axel Strakeljahn and CEO Jim Rothlin from the Port of Bremerton presented updated information about the public activities that occur on the abandoned runway currently and their desire to move the many activities and public agencies over to the Port property being leased to the Circuit of the Northwest on the other side of highway 3. This would require the construction of 1) a Community Event area; 2) a Regional Sport/Event Center; 3) Parking Areas; and 4) Access Roads and Pedestrian Bridges. The cost of this final design and construction would cost a total of \$11.6 million. The Port offered to bond for this amount so the transition could occur smoothly and without delays before they begin using the space

vacated by the current public uses, pending approval by the KPF D to reimburse them over time.

Commissioner Strakeljahn then asked Brian Nilsen of the CNW group to add some comments. Brian outlined at some length, with the help of Andy Gerdom of the Joel Cohen Group, the plans of the CNW group and the substantial estimated economic benefit of \$87 million in the first year of operation. He also expressed the need for the project to keep moving forward, with at least a commitment of \$1.78 million to cover the final design and construction fees for both the public and racetrack facilities, because they are co-mingled. An attempt was made to formulate a possible motion, but additional discussion about whether funds from the KPF D surplus of \$3.1 million were available for such a commitment – they were determined to not be available – the motion was not put forward and the discussion was ended.

5. Financial Reports:

A. **Monthly Financials & Tax Rebate Summary** – the ED reported on results from June data. The PFD received \$126.1K in tax rebate revenue, down <13.8%> from 2019, but less than the estimated <20%> loss by the ED. The amount of <\$70 K> was transferred to 286 for Debt Service; and there were <\$15K> in Expenses. The result was a Net to Cash of \$41K. The balance of the 96977 Fund remained slightly less than of \$3.2 million,

B. **Blanket Voucher** – The ED submitted a Blanket Voucher of \$4,118.01 for various expenses from June to be paid.

Pat Hatchel moved to approve the Blanket Voucher in the amount of \$4,118.01. It was seconded by John Morrissey and passed unanimously.
